Dear New Home Builder Sales Representative,

The clients that have presented the 50% rebate coupon from RRT Realty, are interested in viewing your model homes. Previously I sold new construction for various builders in the Chicagoland area, and realize that in most cases the prospective buyers must register in order to view your homes. As a Sales Representative myself, at times, I would also allow prospective buyers to view without registering in some cases. With today's over abundance of homes on the market, it's much harder for everyone concerned builders especially, with all the inventory homes, therefore, together, we need to do whatever it takes to keep our customers motivated and comfortable in their search for a New Home.

As a courtesy my clients and I are requesting that they be allowed to walk through your model homes without registering in order for them to determine if they have an interest in your product.

They are putting their faith and trust in the New Home Community Builder they are looking to purchase their new home from, and they are also putting their faith and trust in me as acting as their agent in order to receive the 50% cash back rebate offer from RRT Realty, Inc., which will afford them the money they need to make their "New Home Dream" Possible.

Once they have determined the "Home of Their Dreams" I will personally register them at the Sales Center and work within the Builders guide lines.

Please help these clients earn the Rebate from RRT Realty, Inc.. By working together we can help them get the money they need to make their Dreams Come True. I'm sure you would agree that getting thousands of dollars cash back on their purchase would be a great help to any home buyer.

If you have any questions, please call me at 630-546-1913.

Thank You For Your Cooperation
Pam Fisher
